## Every Child Deserves the Opportunity To Succeed

There are more than 84,000 students enrolled in Nashville's school system, but only 16% are enrolled in a high quality public school. We need more high quality schools and more equitable choices to meet our students' educational needs.

### Improving our children's educational opportunities needs to happen now

Nashville Rise is a coalition of informed parents committed to empowering and engaging other parents across Davidson County. Working together parents will stand up to inequitable access to high-quality education and advocate for improving our schools. By connecting parents to educators and elected officials, Nashville Rise will lead the effort for great schools for all Nashville's children regardless of zip code.

### Working together, parents can make a positive change to Nashville's education
